Shepherds Field Olive Wood Handcrafts

On our behalf and on behalf of the Catholic families in Bethlehem, who operate the Olive wood workshops, we would like to express our deepest gratitude for the warm welcome and great assistance that you and your parish staff offered us during our visit to your parish.

We send our deepest gratitude to all parishioners at your parish for their generosity and support. This giving support will positively impact our people in the Holy Land and will help them remain strong in the land of Christ.

By visiting your Parish, we were able to spread our message to the parish community about the plight of the Christian community in the Holy Land. Moreover, we are also able to bring attention to the hardships that our people are now enduring in the land of our Savior.

Preparing Parents to Help Their Children Thrive in the Age of AI

**Is your child getting dumber
as AI gets smarter?**

The greatest danger may not be the job AI takes tomorrow.
It may be the mind your child fails to build today.

Questions parents cannot afford to ignore

- Is AI helping your child learn - or making it easier not to think?
- Can fluent AI output hide learning without mastery?
- When instant answers come first, what mental work gets lost?
- By the time effects are obvious, will waiting have cost too much?
- Who shapes your child's habits when you are not watching?
